INTRODUCTORY WRESTLING COURSE

CREATE THE MOST POWERFUL WRESTLING TAG TEAM

Each super wrestler has a different special wrestling technique. The techniques that are the most difficult to master are those that wreak the most havoc on your opponent. Choose your partners carefully and create the most powerful wrestling team!

When you get smashed by your opponent, your super wrestlers' power decreases.

Now let's begin the game! A match consists of three rounds. If you take 2-out-of-3 rounds, you win the match. Win through special techniques and great team work. As the game progresses, the floor of the ring will change.

When you are attacked by your opponent, your super wrestlers' power will decrease. Your movements slow down and soon you will not be able to jump. When this happens, the smartest move to make is to tag your partner and let him take over.

INTERMEDIATE WRESTLING COURSE

The following techniques are very effective in the ring.

By using a number of assorted techniques, you can knock your opponent down before your time is up.

Catch the Booster Ball the Trainer throws in. This is your chance to use your special technique!

Use the ropes to your advantage. Leaning against or being close to the ropes is a great advantage to use for a number of successive, specialized techniques.
ADVANCED WRESTLING COURSE
ASHRA MAN reveals his top, super secret technique!
PERFORM A SERIES OF CONTINUOUS BACK DROPS
Once you are accustomed to using various wrestling techniques, master the consecutive applications of these techniques. For example, try a back drop first, and when your opponent is barely up, jump and kick him again. You can devastate any opponent by using these techniques, one right after the other!
A SURE WAY TO WIN A MATCH!
LOCK UP YOUR OPPONENT’S SPECIAL TECHNIQUE
Keep an eye on your opponent’s special technique. There is a way to lock up your opponent’s most devastating technique and render him helpless. If you can’t discover the method, prevent your opponent from getting the Booster Ball. When the Booster Ball appears, attack your opponent and keep him out of the range of the Booster Ball.
